

Privacy Statement dBOD

dBOD respects the privacy of all users of its website and ensures that the personal information you entrust to us is handled confidentially.

If you wish to write a review, it is up to you to decide whether you include your name and other personal information. We are interested in hearing the views of our visitors, but reserve the right not to publish any contributions that do not meet the terms and conditions of our website. If you require further information about your data or would like to make changes, customer service will be happy to help. If it proves necessary to amend our Privacy Policy, the latest information can always be found on this page.

Web statistics

We collect statistics on the use of our website in order to further improve our site. dBOD will only authorise third parties to use this information if their aim in doing so is to further develop the website.

Contact forms

Personal data released in a contact form via the website will be stored by dBOD in the website CMS. This data will only be used to respond via the website.

Newsletter

The address list for the newsletter is managed and stored by dBOD. This address list will not be made available to third parties and will be used only to inform relations about dBOD's services and activities.

Google Analytics

The dBOD website uses Google Analytics, a web analysis service provided by Google Inc. ("Google"). Google Analytics uses "cookies" (text files stored on your computer) in order to help the website to analyse how users use the website. The information generated by the cookie about your use of the website (including your IP address) is sent to and stored by Google on servers in the United States. Google uses this information to record how the website is used, compile reports about website activities for website operators and provide other services relating to website activities and internet use. Google is only permitted to provide this information to third parties if required to do so by law or insofar as these third parties process the information on Google's behalf. Google will not use your IP address in combination with other data at its disposal. You can disable the use of cookies by selecting the appropriate settings in your browser. However, we would like to point out that this may mean that you cannot access all the options offered by the website. By using the website, you agree to the processing of this information by Google in the manner and for the purposes described above."

Contact

If you have any questions about the dBOD Privacy Policy please contact Sven Kuipers, dBOD marketeer.
